1 OBJECTIVE

As a passionate 2nd-year Information Technology student at the University of Sri Jayewardenepura, I aspire to secure a Data Science internship where I can apply my analytical skills, database management expertise, and machine learning knowledge to solve real-world business problems. With a strong interest in cricket statistics and win probabilities, I am driven to uncover hidden narratives within data. My goal is to contribute to a data-driven team while deepening my expertise in machine learning, computer vision, and business analytics through practical applications.

2 ACADEMIC QUALIFICATION

2025 – Present Information and Communication Technology (ICT) – B.Sc. (General) Degree Program

University of Sri Jayewardenepura, Sri Lanka

Currently a 2nd-year undergraduate with a strong focus on SQL, database management systems, and data analytics. Developing expertise in Python, Java, and web technologies with emphasis on practical applications in business solutions.

2022 – 2024

G.C.E. Advanced Level

Dharmapala Vidyalaya Pannipitiya, Sri Lanka

Stream: Combined Mathematics with Information and Communication Technology (ICT)

3 TECHNICAL SKILLS

Programming Languages: Python • Java • JavaScript • PHP • HTML/CSS

Database & Data Management: SQL • MySQL • Database Design • Data Profiling • ETL Concepts

Data & Business Analytics: Microsoft Power BI • MS Excel (Advanced) • MATLAB • Data Visualization • Business Intelligence

Tools & Platforms: Git/GitHub • Docker • VS Code • Meta Business Suite • Tkinter • MySQL Workbench

4 ACADEMIC PROJECTS

4.1 Logistic Management System

A comprehensive Java desktop application developed using Object-Oriented Programming (OOP) principles for managing logistics operations. The system features real-time shipment tracking, inventory management, and comprehensive reporting capabilities through an intuitive Swing user interface with MySQL backend database.

Technologies: Java, Swing UI, MySQL, JDBC, OOP Design Patterns

Key Contributions: Designed and implemented relational database schema; developed GUI components for shipment tracking and inventory management; integrated business logic layer for data processing and reporting.

Repository: [GitHub Link](#)

4.2 Sales Management System

A Python-based sales management system applying advanced OOP design patterns for managing sales operations. The system provides product and customer management, automated invoice generation, and a comprehensive sales analytics dashboard for business insights.

Technologies: Python, Tkinter (GUI), SQLite, OOP Design Patterns, Data Analysis

Key Contributions: Architected modular system design; implemented product and customer database operations; created analytics dashboard for sales visualization and trend analysis; generated automated invoice reports.

Repository: [GitHub Link](#)

4.3 Roamly – Travel Destination Platform

A full-stack web application designed to connect local travelers with authentic Sri Lankan destinations. The platform features three distinct user roles with customized experiences, supporting community-driven tourism and local travel discovery.

Technologies: HTML5, CSS3, JavaScript, PHP, MySQL, Web Development

Key Contributions: Designed user-role based system architecture; developed responsive frontend interface; implemented backend server logic for destination management; integrated user authentication and profile management.

5 PROFESSIONAL EXPERIENCE

Jan 2026 – Present

Assistant Sales Manager (Part-time)

Power Hands Plantation Pvt Ltd, Colombo, Sri Lanka

Data Management & Analytics: Architected and maintained a comprehensive lead database in MS Excel, utilizing advanced data sorting and filtering techniques to prioritize high-potential investor leads. Created dashboard visualizations to track investor demographics, geographic distribution, and conversion metrics.

Business Analytics: Built analytical reports and graphs visualizing investor demographics and business origins. Conducted data-driven analysis to improve targeting strategies and identify market opportunities.

Digital Marketing: Managed Meta Business Suite marketing campaigns, utilizing audience targeting and real-time performance metrics to optimize lead generation strategies.

Aug 2024 – Dec 2025

Sales Associate

Power Hands Plantation Pvt Ltd, Sri Lanka

Administration: Leveraged MS Office Suite to automate and standardize corporate correspondence and financial reporting across the regional office, improving operational efficiency.

Sales & Client Communication: Managed direct client communication and promoted high-yield investment plans with strong customer engagement.

6 LEADERSHIP & PROFESSIONAL INVOLVEMENT

Finance Head – 'Career Gateway 1.0' Project

IEEE Student Branch, University of Sri Jayewardenepura | 2024 – Present

Key Responsibilities: Lead financial planning and budget management for project initiatives; supervise a dedicated team in achieving financial and operational goals; coordinate with multiple project teams across the IEEE organization; contributed to strategic planning for career development programs.

Professional Memberships

Active Member, IEEE Student Branch, University of Sri Jayewardenepura (2024–Present)

Engaged in multiple projects and initiatives within the IEEE student community; collaborated across diverse technical teams.

7 KEY STRENGTHS & COMPETENCIES

- Analytical Problem Solving: Strong ability to break down complex business challenges into data-driven solutions
- Data Storytelling: Proficient in translating technical analysis into actionable business insights and visualizations
- Full-Stack Development: Experience across database design, backend logic, and user interface development
- Business Acumen: Understanding of investment structures, financial reporting, and commercial operations
- Leadership & Collaboration: Demonstrated ability to lead teams and work across diverse stakeholder groups
- Continuous Learning: Proactive in acquiring new technical skills and industry certifications

8 PERSONAL INFORMATION

Full Name: Ravindu Nirmal Colambage

Languages: Sinhala (Native or Bilingual) • English (Full Professional Proficiency)

Permanent Address: 258/65 Kahanthota Road, Arangala, Malabe, Sri Lanka

Contact: +94 710 896 660 | ravinducolambage@gmail.com
